Flutter, Swoop, and Wheel (2021)

for the Amorsima Trio

Flutter, Swoop, and Wheel is a phantasy upon the first 20 bars of Beethoven's string trio in c minor, Op. 9 #3 (1st theme and transition of 1st movement). The focus is shifted from meter and harmony to timbre and dynamics (Ligeti loved Beethoven!)

Bracketed materials should be repeated/extended until the next cue. CUE is indicated above the part of the player who gives the cue.

Boxed notations may be played in any order; clefs suggest who plays which fragments but you may "borrow" others. Numbers at top right of boxes are in the form N (M): N = maximum number of times to play the fragment, M = maximum number of times in a row, before moving on.

Note heads: 𝅝 𝅗𝅥 𝅘𝅥 𝅘𝅥𝅯

Rests: 𝄻 𝄼 𝄽 𝄾

★ CUE ⇒ show the cue to move on from boxed notations; the other players listen for it, and upon hearing it, stop playing the boxed materials and move on.
